

## MONKEY BAR FUMOIR

Zurich, Switzerland

/ Denizens of this fumoir, an addition to the *Blue Monkey* restaurant, can enjoy a Montecristo Open Master or a Cohiba Siglo in a safe haven that exists at an elegant remove from Zurich's smoking ban. Avoiding the musty, fusty tradition of smoking rooms, the designers gave the space an intimate dimness, punctuated by pinpoint spot lighting. Green walls, black-and-white photographs of film stars of yore, antiqued mirror together with an antique chandelier, Parisian wall lights, polished brass—and even modern elements like the translucent Corian bar top—exude a Prohibition-era atmosphere.
